

Edwin H. Land Industry Award

INSA Achievement Awards

Instructions and Overview – Please Read Carefully!

The **Edwin H. Land Industry Award** recognizes the accomplishments of early- and mid-career professionals who work in industry on intelligence, defense, and homeland security issues. **Industry organizations include private companies, as well as National Labs, FFRDCs, and other organizations that perform work under contract for the government.**

ELIGIBILITY

Nominees should be the equivalent rank of a GS-13 or below.

COMPLETING THE FORM

Please focus the nomination on work that the nominee has undertaken over the past three to five years.

It is critical that the selection committee be able to assess the individual contributions of the candidate being nominated – not the achievements of an office or mentoring program. Be sure to reference the following selection criteria below when completing the nomination form.

- **Question One** asks for details about the nominee’s office or project and his/her role in it. This information should provide context for the subsequent questions, which ask for specifics regarding the nominee’s actions, accomplishments, and impacts.
- **Questions Two and Three – the most important parts of the nomination** – please be as specific as possible in describing the nominee’s individual contributions to his/her organization’s mission, as well as to the goals of the intelligence and national security communities and to the national security of the United States.

While not required, if you would like to provide supplemental information (e.g., an endorsement from a mentor or a former supervisor), please limit to a single one-page document.

Selection Criteria

All nominees will be reviewed by the INSA Achievement Awards Committee using the following criteria. Nominations do not need to address every criterion listed below.

Leadership: Performance that exemplifies the ability to work across organizational boundaries, understands national security and intelligence priorities, and meets the wide-ranging requirements of mission objectives.

Influence: Ability to influence others to accomplish the mission by providing purpose, direction and motivation.

Values: A commitment to the value of diversity, innovation, collaboration, resourcefulness and resilience.

Hands-On Mentorship: Experience sharing skills, expertise, and constructive feedback through ongoing formal and/or informal mentoring relationships with peers and junior colleagues.

Team-building: Experience leading, developing, and/or participating effectively in a team.

Personal Traits: Exhibiting intangible aspects of professionalism, including interpersonal communication skills, empathy, and the ability to gain the respect of one’s peers, subordinates, and superiors alike.

Edwin H. Land Industry Award

INSA Achievement Awards

Please submit completed nominations to achievement@INSAonline.org by COB on **Friday, October 25.**

CLASSIFIED NOMINATIONS

Email achievement@INSAonline.org for instructions. However, please do not submit a nomination unless the individual, if selected, can appear at a public awards event open to the press, be identified by name in event materials, and have his/her accomplishments described in an unclassified manner.
