

# WHAT I'VE BEEN READING RECENTLY

BOOK RECOMMENDATIONS FROM JOHN SHERMAN

“My reading list doesn’t contain books about management philosophy, but rather about historical events that involve people... some doing amazing things...some doing terrible things that demand a response...and often people just trying to get through challenging situations. I find that books about history can tell us a lot about leadership and human dynamics in ways that can be very relevant for us today.”

## ***Apollo 8: The Thrilling Story of the First Mission to the Moon***
